PRACTICAL PSYCHOLOGY"

This Was the Subject of Prof. Warman's Lecture Last Night.

IT WAS VERY INTERESTING

Cy Titus has been confined to his given by Prof. Warman are taking a great success in business is attributed deep hold on our people. It may be in part to the square dealing methods safely said that, interesting as the of himself and partner, and to the previous lessons have been, the one fact that he is a morough gentleman water Land and Irrigation company iast night on Practical Psychology and one that leadily leaves the imble. He held his audience, as usual, from start to finish, thus demonstrating his own personal magnetism and psychological power. He very clearly demonstrated that the modern paychology as taught in text cooks only psychology by name, is wholly devoid of soul and is but the old metaphysical teaching brought out in up there and considerable more is in a new garb. He facetiously remarked contemplation. Agent Carroll will rethat the psychological books of today main in charge at the agency, the orbear the same relation to phychology as does the play of Hamlet with Ham-Lumber company returned from a let left out.
